

Directions to Jay's new drum studio

My new garden studio is now ready for use!

The map above shows you how to get from my front door to my back gate. Please can I ask you to use the back gate from now on as my new studio is in the garden.

From my front door, simply follow Regent Street down to the end, turn left and left again and you'll be on Ferndale Road. Take the second left into Rices Mews and follow to the end. It is still free parking on Rices Mews so hopefully you will be able find a space there.

At the bottom of Rices Mews you will see a low archway on your left leading into a carpark where you will find my green garden gate. It will be open to start with but I will be installing a keypad so you can let yourselves in.

Unfortunately, the carpark is private so please can you park on Rices Mews to avoid upsetting neighbours. This applies to dropping off and picking up too.

Any problems, please give me a call on 07920795402
